TESTIMONIALS FOR STACEY MORGAN

"I've seen Stacey speak on many occasions. She is captivating, engaging, and a wealth of knowledge. I leave with a ton of ideas and practical applications that are translatable no matter what position you hold in the dance industry! It's obvious she has high standards within her studio, and that carries over into her presentations. Highly recommend! You can bet I'll be in her class!"

"Stacey is a charismatic, engaging and authentic speaker who incites practical and inspiring discussion about business management, marketing strategies and dance education. Her creative and fresh approach to all she does makes her a true asset to the industry"

DEBORAH SEARLE
DANCE INFORMA MAGAZINE & VDF DIRECTOR

Stacey Morgan is a breath of fresh air. She speaks the same language as dance teachers so resonates effectively on so many levels. She brings a wealth of knowledge to the table from being Education Manager with the Royal New Zealand Ballet Company to owning and growing her own dance school in Australia, from being a mother and juggling the roles of wife, mother, daughter and business owner. She is giving and generous, happy to share her knowledge with others. She thinks outside the square and is proactive in strengthening and contributing to the wider dance community. What do I think of Stacey Morgan? I love her, I love her ethics, what she stands for and her kindness and generosity to others. Her talks are engaging, en pointe and informative....
